MEMORANDUM

DATE: May 31, 2021

TO: HIGHWAY PERMIT APPLICANTS

FROM: Robert Wasp, P.E., Town Engineer

SUBJECT: Pavement Restoration Policy
Amendment to Trench Restoration Specifications – Highway Permits

GENERAL:

The Town has amended its pavement restoration requirements for recently paved Town roads to better maintain the surface longevity. The new policy will apply to paved streets where resurfacing was completed within **5 years** of the time of new highway permit application.

Pavement restoration limits shall be as follows:

- Trenches contained within one travel lane will be restored curb edge to centerline width
- Trenches crossing multiple/both travel lanes will be restored curb edge to curb edge width.
- Length of pavement restoration in the travel lane shall extend at least 10 feet beyond the outer trench limits in all cases

Please feel free to contact me with any questions.
